CLIENTS SPEAK

“The things that impressed me about Chinmay was that he was very professional, very well prepared, very well informed, and he had a good stage presence and a good sense of humor. And especially in one of the tracks where we had a lot of last-minute changes because it was an outdoor event and owing to the bad weather, but Chinmay was just so adaptable. He worked excellent with the back-end team and just rose to the occasion and helped us deliver whatever we expected out of the event. I would definitely recommend him for an emcee.”

“I find Chinmay very pleasant, I think quite charming in the way he actually organizes his presentations. He will be a great asset to any big event. He prepares well in advance, he introduces the guests quickly and crisply. And I think, you know, anybody who wants to do events may find it to their advantage to use Chinmay's unique talents when they do their programs.”

CLIENTS SPEAK

“ I have known Chinmay for many years now. He has a very unique style of interacting with the audience, can speak in layman terms, laced with humor and many anecdotes. He is blessed with the gift of the gab and is able to carry the audience with him, whatever the nature of the audience is. He always does his homework about the event, measures the flow of events, and has excellent time management skills. All of these make him a very valuable resource at these events, and I would certainly recommend him based on these qualities. ”

“ Chinmay brings in amazing energy with humor and understanding of what's required. And he did such an amazing job at our event. He kept the audience wrapped in attention, filled in the gaps whenever there were some awkward pauses. He summarized whatever the earlier speaker said in such a nice way, at the same time adding a touch of humor. And you know what? He actually teaches, mentors others on how to speak in public. So he's an expert in this. I totally recommend Chinmay. ”
